Tannenbaum Dazzles in IMAGO Presentation

Herb Tannenbaum, Ph.D. dazzled a standing room only audience Sunday morning with his presentation on IMAGO Couples Therapy and the healing paradigm shift that occurs within the relationship. The presentation took place at the Lincoln Square Synagogue on the West Side.

Dr. Tannenbaum's three hour presentation was lively, substantive, and humorous. It garnered rave reviews from the packed audience as it covered both the theoretical foundations of IMAGO Therapy and its practical applications.

Tannenbaum's presentation was hosted by the Met Chapter's Psychoanalysis Committee, co-chaired by Barbara Lidsky and Janice Michaelson, and it was sponsored by both the NYSSCSW Met Chapter and the ACE Foundation.

A delightful refreshment table was set out which included bagels, several types of cream cheese, pastries, fruit, and coffee.
